

## FREEFORM™ LABELS

### WHAT IS FREEFORM™

freeform™ is a laser cutting process that allows you to create a label of any shape or size you desire with **NO DIE CHARGES!**

Whether you need a special shape to convey your brand or just a custom-sized circle, oval, square or rectangle label to fit your product, freeform™ is the perfect solution.

**Laser cutting technology expands your creative options with unique and visually impactful shapes.**

- Generate shelf appeal and differentiate your brand from the competition with unlimited sizes and shapes
- Quantities starting at just 100 labels, making freeform™ ideal for prototyping, seasonal products, sticker sheets and more
- No die or set-up charges, with a provided dieline
- Quick production time
- Available in 1, 2, 3 and Process Color printing
- 30 standard Indoor and Outdoor stocks to choose from
